

Equipment Solutions for Container Port Operations-Enhancing Efficiency, Reliability, and Sustainability

Introduction

Pacific Unlimited, Inc., is a family-owned holding company founded in 1986 by Juan T. Limtiaco. The company is run by John, Larry, and Michael Limtiaco. The company consists of several divisions: Pacific Trucking, Fleet Services, Far East Equipment, Pacific Topsoils & Compost, Subsistence Prime Vendor, and Manhita Farms. Synergies between the divisions provide solutions to customers through collaboration among each division. Fleet Services is a certified ASE (Automotive Service Excellence) truck, bus and heavy equipment shop. Fleet Services offer ASE certified mechanics that have formal technical and factory training for the various equipment the company serves. Mechanics receive continuing education training on the latest electronic engines and controls in order to stay updated on the latest the industry has to offer. Far East Equipment LLC sales and rents agricultural, construction, and forestry machinery, Generac Generators, Auto Car Trucks, Vermeer Equipment, Kalmar/Ottawa Truck, Hiab Cranes, Moffet Forklifts, Raymond Electric forklift and Landoll trailers. Far East is also the general sales Agent for Toyota Forklifts.

Expertise in port equipment supply and maintenance

Commitment to customer success

Industry Overview

Regional Port Growth

Rapid increase in containerized and break-bulk cargo

Ports are critical nodes in supply chains

The need for advanced, reliable port equipment

Challenges in Port Operations

Key Challenges Faced by Ports

Managing high cargo throughput efficiently

Minimizing equipment downtime

Ensuring workforce safety

Complying with environmental regulations

Reducing operational costs

PUI Equipment Solutions Overview

Comprehensive Equipment Portfolio

Gantry Cranes

Container Handling Equipment

Yard Equipment

Gantry Cranes

Automated & Semi-Automated Gantry Cranes

High-capacity, versatile for different container sizes

Features: precision control, energy efficiency, state-of-the-art safety

Benefits: faster loading/unloading, reduced labor costs

PUI has agreements with PACECO for the supply of Rail Gantries and RTGs

Container Handling Equipment

Container Handling Machinery

Reach Stackers: flexible, for quick container transfer

- PUI offers a line of reach stackers and top lifts through our HELI brand

RTGs (Rubber Tired Gantries): for yard stacking at high speeds

RTGCs (Rail-Mounted Gantries): for large, efficient container yard operations

- PUI offers RTG and RTGCs through our PACECO brand

Yard Equipment

Yard & Terminal Equipment

Autocar Terminal Tractors: efficient container drayage within the yard

- Autocar yard tractors
- New and Used equipment available

CIMC Chassis and Trailers

- Full line of 20' and 40' chassis
- Extendable chassis
- Lowboys
- Specialized trailers
- New and Used equipment available

Yard Equipment

Yard & Terminal Equipment

Heli Forklifts

- Full line of forklifts from 1-52 tons
- New and Used equipment available

Steelbros Sidelifter

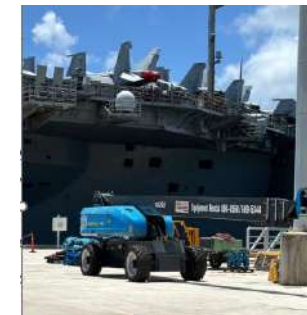

- 30 -45 Ton container sidelifers ideal for island operations

Reefer and Dry Container Supply

- 20', 40' STD and HD, 45' STD and HC
- 20', 40' STD and HD, 45' STD and HC Reefers

Other Equipment

- Boom lifts
- Light Towers

Benefits of Our Equipment

Why Choose Our Equipment?

Authorized Factory Distributor (we are not brokers)

Factory Trained Technicians

Boosted port throughput and operational efficiency

Improved safety standards

Significant cost reductions over lifecycle

Reduced environmental footprint

Diagnostic and repair services

Parts support

New and Used equipment available

Success Stories

Proven Results & Case Studies

PUI has a proven track record working in the region. We can work with you to source the correct equipment at your price point. We can work with your budget and get creative on a payment plans and structure.

Belau Transfer

- We successful partnered with Belau Transfer providing solutions to add tractor power for their operation and most recently added a new fleet of forklifts for both the port and airport operations.

Success Stories

Belau Transfer

- We successfully partnered with Belau Transfer providing solutions to add tractor power for his operation and most recently add a new fleet of forklifts for both the port and airport operations.

Success Stories

Proven Results & Case Studies

Federated Shipping Company (FSCO)

- We have supported FSCO in Pohnpei for many years originally financing a used top lifter and most recently selling and providing both parts and service support when required with a new top lifter, several heavy lift forklifts, a 50 ton rough terrain crane, multiple container chassis, 60 ton lowboy, port rigging gear and multiple pieces of heavy equipment.

Success Stories

Wabb Transportation

- We have supplied several pieces of used heavy equipment consisting of a 3.5 ton Excavator, 877H wheel loader, and a 25 ton excavator

Majuro Stevedoring Terminal Company (MSTC)

- We have supplied a used 45 ton Hammar Sidel lifter to MSTC

Customization & Support

Tailored Solutions & Customer Support

Equipment customization to meet specific port layouts and needs

On-site commissioning, training, and ongoing maintenance

24/7 technical support and spare parts availability

Why Partner with Us?

Our Strengths

Extensive industry experience and proven track record

Equipment variety both new and used

Customer-first approach and reliable support
